LICENSED NURSING ASSISTANT TRAINING

A 106-hour program: 46 hours of classroom/lab instruction and 60 hours of group clinical instruction. The State Board of Nursing regulates attendance. The classroom instruction portion is delivered at the College one night a week during the semester. The group clinical instruction is arranged at a care facility and can entail Saturday and Sunday participation. At the conclusion of the program, all students are administered a written and a clinical assessment of skills to certify that they have achieved required competencies. This final evaluation is required by the NH Board of Nursing. (This course is not part of the A.S. in Nursing program.)
