

Memorandum

Date: December 4, 2020
To: LRCC Students
From: Laura LeMien, AVP
Re: End of the semester

Good Afternoon,

I hope this email finds you well. As you may know, New Hampshire is continuing to experience rising numbers of positive COVID-19 cases, this means an increased risk of transmission. While there are no active cases in the LRCC community, the Lakes Region as a whole is seeing a significant increase in community transmission of COVID-19. **Therefore, LRCC has decided to allow departments to decide whether courses scheduled to meet on campus will have face-to-face meetings through the rest of the Fall 2020 semester.** Please check your student email for communications from your faculty regarding any changes to meeting location of your courses. While we recognize we cannot completely reduce risks, we do know reducing the number of individuals on campus decreases exposure and the possibility of close contact.

Please be mindful of your health before coming to campus. If you have any symptoms listed on the self-screen app, such as a cough, runny nose, or fever, please do not come to campus and alert your faculty member and myself immediately.

Faculty will reach out to you with any additional details regarding your classes. Please reach out to your faculty, call 603-524-3207, or email lrcinfo@ccsnh.edu, if you have any questions.

Happy Holidays and please stay safe and stay healthy,

Laura LeMien
Associate Vice President of Academic and Student Affairs
