

## Lake Region Community College Math Placement

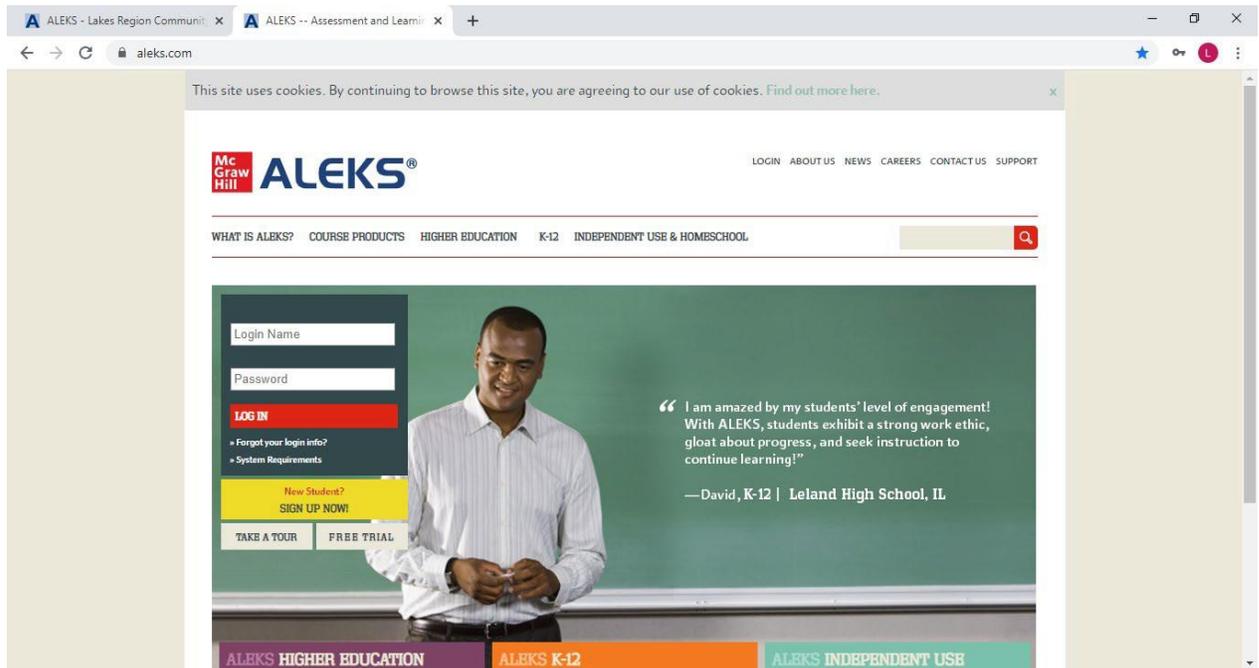

The curriculum for each LRCC academic program requires at least one credit bearing math course. The math requirement varies by program and students are encouraged to review their academic plan in Navigate to learn about their program's curriculum. Prior to enrolling in a math course, students are required to take the ALEKS math placement evaluation to ensure they enroll in the correct math course.

Students who place into Math Prep, may use the ALEKS PPL learning path to refresh, or learn the necessary skills to retake the placement evaluation for a higher score. Students putting five to ten hours of practice work into ALEKS PPL have a high success rate for earning placement into a college level course.

Course #	Course Name	ALEKS Score Range
MATH 061L	Math Prep	0 – 18
MATH 129L	Quantitative Reasoning	19 – 37
MATH 131L	Boolean Algebra	
MATH 137L	Technical Algebra and Geometry	
MATH 142L	Essentials of Algebra	
MATH 211L	College Algebra	38 – 56
MATH 216L	Statistics	
MATH 225L	Finite Math	
MATH 235L	Pre-Calculus	57 – 75
MATH 270L	Calculus I	76 – 100

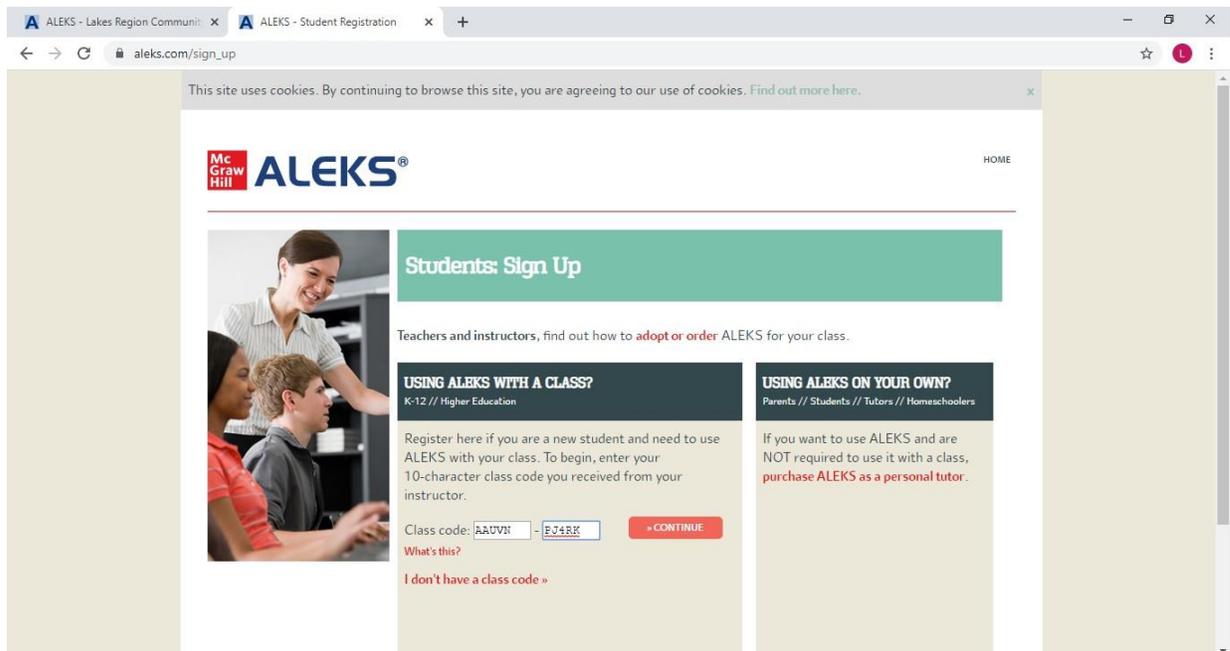

# How to Access the math placement in ALEKS

1. Go to [www.aleks.com](http://www.aleks.com)

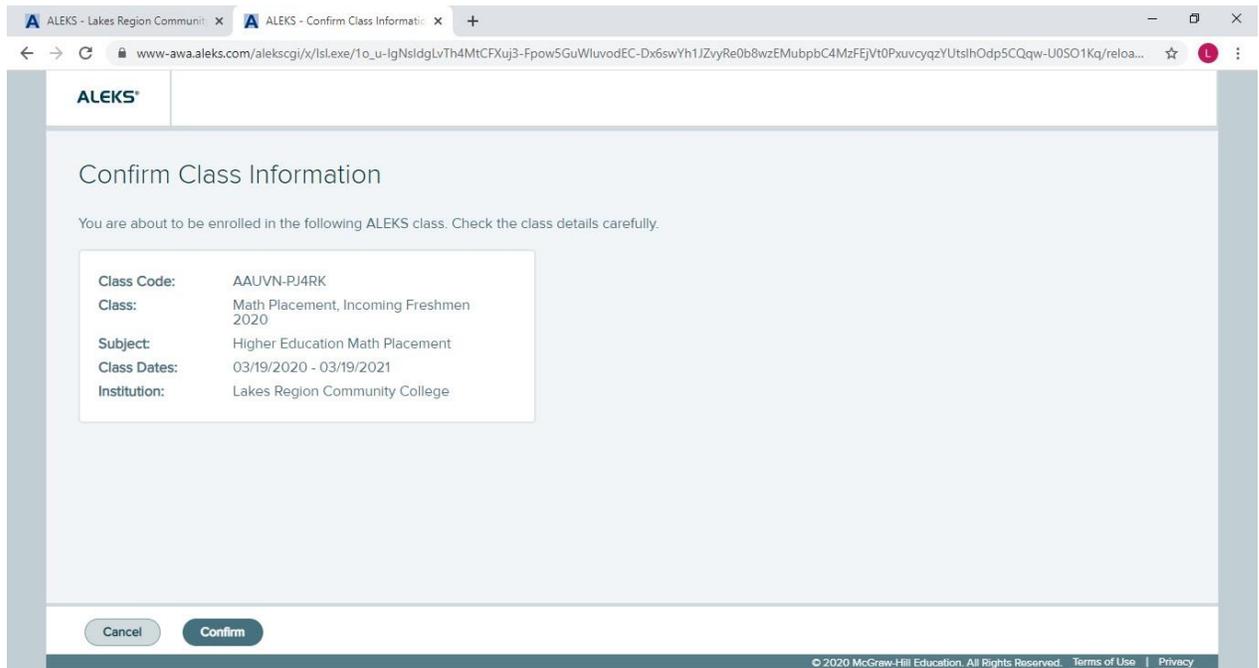

2. Click on "SIGN UP NOW!"

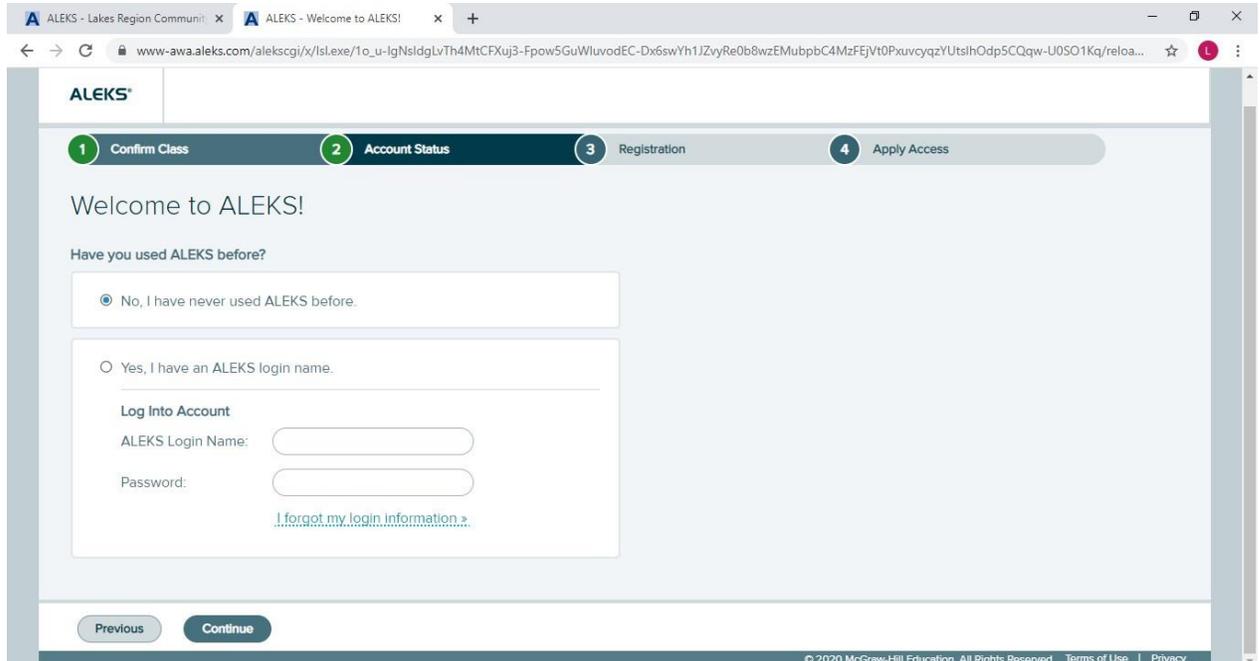

3. Enter Class Code AAUVN-PJ4RK

4. Make sure you see the screen below and click “CONFIRM.”

5. If you are new to ALEKS, create an account; otherwise enter your ALEKS login information.

6. Follow the screens to set up your account. Once you’ve set up your account, you’ll see your login name. Take a picture of your login, or write down your login name to access ALEKS after the placement test.

7. You need to pay for the placement exam with a credit or debit card, select “No I need to purchase an access code”.
