LAKES REGION COMMUNITY COLLEGE

INTERDISCIPLINARY STUDIES

Why Interdisciplinary Studies?

The Interdisciplinary Studies degree is for students seeking to create a self-designed program to meet personal or career goals, complete course work to meet admission requirements for a desired program or wishing to matriculate while awaiting admission to competitive degree programs.

The program provides flexibility by encouraging students to select courses from multiple academic disciplines and allows students to design their own educational path.

The Interdisciplinary Studies degree offers two options:

Option One: Students awaiting admission to the Nursing program can utilize this option to fulfill admission pre-requisites and/or general education requirements.

Option Two: Students may work with an academic advisor to determine a path with more than one area of focus. This option is for those exploring different career paths as they are undecided on one program. Students will work with their academic advisor to develop an area of interest, which may result in transfer to an established degree program; however, successful completion of an approved exploration can result in the awarding of this degree.

Estimated Program Cost:

Year 1: $6,735
Year 2: $7,054
for a total of $13,789

Costs are based on in-state tuition and do not include fees, supplies, or books. Additional fees may apply; all prices are subject to change.

Transfer Pathways
LRCC graduates have successfully transferred to many colleges and universities including:

- Plymouth State University
- University of NH
- Keene State College
- Colby Sawyer College
- Granite State College
- Southern New Hampshire University
