GENERAL MOTORS (ASEP) EDUCATION

Why ASEP?

General Motors ASEP delivers advanced service training, rigorous academic coursework, and real world work experiences to provide students with the best possible preparation for a career as an automotive service technician. As a student in the General Motors ASEP program, you'll get to earn while you learn, alternating between classroom training and hands on work experience at a sponsoring GM dealership. You'll be working with the most advanced technology in the industry, gain a competitive advantage over untrained technicians, and gain an accelerated path to a lifetime career. Graduates who successfully complete the 21-month cooperative education Automotive Service Education Program will receive an Associate in Applied Science Degree in Automotive Technology and credits toward GM Master Certification in all areas. This is a high-demand field with substantial employment opportunities upon graduation.
