

GET THE EXPERIENCE OF A LIFETIME! FIRE LIVE-IN PROGRAM

The Lakes Region Community College (LRCC) [Fire Live-In Program](#) is an exciting opportunity for students enrolled in the Fire Science program to gain real life experience in emergency services, while serving with a local department. This program is done in partnership with local fire-rescue departments and provides students with the opportunity to learn from professional emergency responders during non-emergency and emergency situations. The departments offering a live-in option are listed below. It is the responsibility of the student to contact the department(s) of their choice for additional information, requirements, and applications.

Benefits:

- Free Room
- Gain hands on experience working with fire and Emergency Medical Services professionals while you're still in school.
- Free training opportunities with host department
- Earn while you learn... emergency response stipends available in some host departments
- Apparel and equipment provided by some host departments
- Station wide FREE WIFI access

Requirements:

- Applicants must be a full-time student at Lakes Region Community College
- Must be 18 or older
- Background check and additional requirements required in some host communities

(603) 744-2632 athomson@bristolnh.gov

Farmington - FF EMT Austin Lewis

(603) 755-2131 alewis@farmingtonfd.net

Gilmanton - Chief Joe Hempel

(603) 364-2500 firechief@gilmantonnh.gov

Loudon - Chief Thomas Blanchette

(603) 798-5612 chief@loudonfire.nh.gov

Meredith - Asst. Chief Andre Kloetz

(603) 455-7032 akbauencorp@metrocast.net

Sanborton - Chief Paul D. Dexter, Jr.

(603) 286-4819 pdexter@sanbortonfire.com

Student Spotlight:

"Through my studies in Fire Science and Protection, along with transitioning from call membership to a live-in student for the New London Fire Department, I have been able to become a better firefighter and further help New London and its surrounding communities. In addition, being on shift has provided tremendous opportunity to apply what I have learned in the classroom to real-world scenarios".

– Andrew Sarnevit
