# Early Childhood Education

## Why Early Childhood Education?

Early childhood educators play an important role in a child's development. They inspire young minds, expose them to the joys of learning, and give them the foundation for lifelong success. This program gives you an opportunity to learn about the specific tools that help children learn.

Using theoretical and practical learning experiences, students are prepared to be responsible for the care and education of young children, as well as the management of personnel, finances, and facilities at an early childhood education program. The certificate prepares graduates to become childcare teachers.

Successful completion of this program satisfies New Hampshire Childcare Bureau of Licensing requirements for certification as a childcare director or teacher. The New Hampshire Bureau of Childcare Standards and Licensing may restrict certification of candidates who have been involved in civil or criminal action.

## Potential Salary:

There is a wide range of jobs in the field of early childhood education. Below are the average salaries in NH for Early Childhood Education positions:

- **Preschool teacher \$34,756**
- **Center director \$46,134**
- **Kindergarten teacher \$65,033**

\*Source: Early Childhood Workforce Index 2022 New Hampshire, Center for the Study of Child Care Employment, University of California, Berkeley.

## Estimated Program Cost:

- **Year 1: \$6,450**
  - **Year 2: \$6,665**
- for a total of \$13,115**

\*Costs are based on in-state tuition and do not include fees, supplies, or books. Additional fees may apply; all prices are subject to change.
