# Interdisciplinary Studies

## Why Interdisciplinary Studies?

The Interdisciplinary Studies (IDS) degree is for students seeking to self-design a program to meet personal or career goals, complete course work to meet admission requirements for a desired program, or matriculate while awaiting admission to competitive degree programs.

Students can select courses from multiple academic disciplines and design their own educational path.

The IDS degree offers two options:

Option One: Students awaiting admission to the Nursing program can fulfill admission prerequisites and/or general education requirements.

Option Two: This option is for undecided students exploring different career paths or areas of focus. Students will work with their academic advisor to develop an area of interest, which may result in transfer to an established degree program. Or successful completion of an approved exploration can result in the awarding of this degree.

## Estimated Degree Program Cost:

- Year 1: \$7,976
  - Year 2: \$8,263
- for a total of \$16,239

\*\*Costs are based on in-state tuition and do not include fees, supplies, or books. Additional fees may apply; all prices are subject to change.

## Transfer Pathways

LRCC graduates have successfully transferred to many colleges and universities including:

- Plymouth State University
- University of NH
- Keene State College
- Colby Sawyer College
- Southern New Hampshire University
